## *Clinical Programs & Services*

### **Breast Imaging Service**

**(202) 444-3315**

The Betty Lou Ourisman Breast Health Center has the latest screening and diagnostic technology, and physicians with expertise in breast health. In addition to screening procedures, a multitude of advanced diagnostic procedures are available, including cyst aspiration, digital mammography, stereotactic and ultrasound-guided core breast biopsies, ductal lavage and high resolution ultrasound.

**Contact name:** Erini Makariou, M.D.

**Appointment line:** (202) 444-3315

**Appointment hours:** Monday – Friday, 7:00 a.m. – 5:00 p.m., and Saturday (once a month).

---

*Clinical Programs & Services, continued***Chest Radiology Service** (202) 444-3734

This service provides plain film radiography, fluoroscopic and computed tomography (CT) examination of the chest, magnetic resonance imaging (MRI) of the heart and great vessels in adult and pediatric patients, and angiographic consultation and interpretation for acquired and congenital heart disease.

**Contact name:** Carlos Jamis-Dow, M.D.

**Appointment line:** (202) 444-3734

**Appointment hours:** Monday – Friday, 7:30 a.m. – 5:00 p.m. for CT, fluoroscopy, MRI and angiographic consultations. All other examinations are on a walk-in basis.

**Computed Tomography (CT) Service** (202) 444-3734

The CT service includes state-of-the-art multidetector helical imaging capabilities for assessment of a wide range of clinical indications. Neuroimaging, including 3D capabilities, CT Angiogram and perfusions, are performed in addition to adult imaging. Low-dose tailored studies of pediatric patients are available, with sedation if necessary. CT fluoroscopy is used for guided biopsies and interventional procedures.

**Contact name:** Cirrelda Cooper, M.D.

**Appointment line:** (202) 444-3734

**Appointment hours:** Monday – Friday, 8:00 a.m. – 4:00 p.m., 24-hour emergency service available.

**Diagnostic Ultrasound Service** (202) 444-3734

This service provides state-of-the-art sonographic imaging including general diagnostic, pediatric, obstetric, vascular, and musculoskeletal imaging. Special expertise includes pelvic and musculoskeletal imaging as well as ultrasound guided tissue biopsy.

**Contact name:** Sandra D. Allison, M.D.

**Appointment line:** (202) 444-3734

**Appointment hours:** Monday – Friday, 8:00 a.m. – 4:30 p.m.; 24-hour emergency service available.

**Magnetic Resonance Imaging (MRI) Service** (202) 444-3355

This service provides state-of-the-art imaging of the head, spine, chest, spectroscopy, abdomen, and pelvis. Subspecialist interpretation of all examinations is provided. Functional neuroimaging, breast imaging, 3-D neuroimaging of the abdomen and pelvis, and MRA including peripheral angiography are specialties of the MRI radiologists. Pediatric and adult patient sedation capabilities are offered.

**Contact name:** Reena Jha, M.D.

**Appointment line:** (202) 444-3355

**Appointment hours:** 24 hour/day service available

## RADIOLOGY

---

### *Clinical Programs & Services, continued*

#### **Interventional Neuroradiology Service** (202) 444-3420

This service provides diagnostic angiography, therapeutic endovascular procedures for the carotid and vertebral arteries and arteries of the brain and spine. Additionally, minimally invasive procedures for the spine include vertebral body reconstruction and pain procedures.

**Contact name:** Vance Watson, M.D.

**Appointment line:** (202) 444-3420

**Appointment hours:** Monday – Friday, 8:00 a.m. – 5:00 p.m.; 24-hour emergency service available through the page operator (202) 444-PAGE (7243).

#### **Nuclear Medicine Service** (202) 444-3389

This service provides state-of-the-art nuclear medicine diagnostic imaging and non-imaging procedures. Special expertise includes Nuclear Cardiology, Single Photon Emission Computed Tomography (SPECT), and Positron Emission Tomography (PET/CT) imaging, therapy of thyroid diseases to include thyroid cancer and radioimmunotherapy of Non-Hodgkin's lymphoma.

**Contact name:** Giuseppe Esposito, M.D.

**Appointment line:** (202) 444-3389

**Appointment hours:** Monday – Friday 8:00 a.m. – 5:00 p.m.; 24-hour emergency service available.

#### **Radiology at New Mexico Avenue** (202) 686-1316

Services are provided for pediatric, adolescent, adult and geriatric populations on an outpatient basis. Diagnostic radiology testing is provided using the following modalities: computed tomography (CT), ultrasound, fluoroscopy, mammography and diagnostic X-ray.

**Contact name:** Letitia Clark, M.D.

**Appointment line:** (202) 686-1316

**Appointment hours:** Monday – Friday, 8:00 a.m. – 4:30 p.m.

#### **Vascular & Interventional Radiology Service** (202) 444-3420

This service provides diagnostic angiography and all percutaneous therapeutic interventions, except for those procedures related to the central nervous system. Please contact the staff at any time to discuss potential application of these procedures to your patients.

**Contact name:** James B. Spies, M.D.

**Appointment line:** (202) 444-3420
